ADELEKE EBO

SOFTWARE ENGINEER INTERN

+44 7923 404 260 ♦ leksebo19@gmail.com ♦ London, UK ♦ LinkedIn ♦ Github

I'm Leks, a product focused software engineer intern with a strong foundation in front-end and back-end technologies, including HTML, CSS, JavaScript, Bootstrap, Node.js, Python, Django & more. I'm eager to continue learning and keep updating my skills to be able to create user-friendly web and mobile applications. Demonstrated ability to conceptualize, design, and prototype solutions that address critical business challenges. Adept at collaborating with cross-functional teams, engaging clients, and leveraging agile methodologies to solve complex challenges and deliver impactful, business-aligned solutions.

BA (HONS) ADVERTISING & BRAND MANAGEMENT

Staffordshire University

Sep 2013 – May 2017

FULL STACK SOFTWARE DEVELOPMENT BOOTCAMP

Code Institute - (Credit Rated by University of West of Scotland)

Oct 2013 – Feb 2025

WORK EXPERIENCE

Code Institute, London, UK   *Oct 2024 - Present*

Full-Stack Web Developer Trainee

Participating in a rigorous coding bootcamp has significantly enhanced my technical acumen and problem-solving skills. Through an intensive curriculum, I acquired proficiency in various programming languages and frameworks, including HTML, CSS, JavaScript, and Python. This immersive experience fostered collaboration in team-based projects, allowing me to develop not only my coding abilities but also my capacity for effective communication and critical thinking. The bootcamp equipped me with the practical skills and confidence necessary to thrive in a fast-paced technology-driven environment.

- Designed and built a responsive website using HTML & CSS.
- Designed and deployed web applications, utilising software architecture principles.
- Currently building a full stack web application using Python, SQL, API & Django.

App Brewery, Udemy Online   *Mar 2024 – Jan 2025*

Full-Stack Web Developer Bootcamp

As a motivated individual embarking on a journey in software development, I enrolled in a foundational course to acquire essential programming skills and technical knowledge. With no prior experience in the field, I committed myself to diligently learning various programming languages and software engineering principles. This initial exposure not only enhanced my analytical and problem-solving capabilities but also ignited a profound passion for technology and innovation. Through hands-on projects and collaborative learning, I developed a solid understanding of software development methodologies, positioning myself for future growth and opportunities in the tech industry.

Dubai-Africa-Turkey   *Apr 2022 – Dec 2023*

Abroad/Travel

Over the course of 18 months, I had the opportunity to travel extensively across Dubai, Africa, and Europe, immersing myself in diverse cultures and environments. This experience not only broadened my global perspective but also enhanced my adaptability and intercultural communication skills. Each destination offered unique insights, allowing me to develop a nuanced understanding of international dynamics and foster effective relationships in multicultural settings.

Eunisure Ltd, London, UK   *Oct 2020 – Jan 2022*

Insurance Advisor

As an Insurance Advisor with a comprehensive understanding of diverse insurance products, I specialized in providing tailored solutions that met the unique needs of individuals and businesses. My expertise encompasses a wide array of policies, including Protection Insurance, which safeguards against unforeseen life events and Corporate Insurance, designed to mitigate risks associated with business operations. Additionally, I am well-versed in Private Medical Insurance and Life Insurance, ensuring clients received optimal healthcare services and financial security for their beneficiaries. I also offered guidance on Critical Illness coverage, Home Insurance for property protection, and Income Protection plans that secured clients' finances in the event of unforeseen circumstances. My commitment to delivering personalized services and in-depth knowledge in these areas enabled me to build lasting relationships with clients while effectively addressing their insurance needs.

Uniting Ambition, Stoke-On-Trent/Manchester, UK   *Nov 2018 – Jul 2019*

Tech Recruitment Consultant

Delivered over £10,000 in monthly billings in the tech sector, demonstrating strong communication and client engagement skills. I engaged with key decision-makers to secure new business contracts and expand my client base. I specialised in connecting candidates with Salesforce technology positions, enhancing understanding of tech industry trends and bridging the gap between candidates and clients.
